

## **Override Procedure for Biomedical Sciences Courses**

**\*\*The Burnett School of Biomedical Sciences can only process overrides for courses offered within the Biomedical Sciences department\*\***

1. Attempt to register for the course through <http://my.ucf.edu>. If this registration is not successful, make sure to **note the error** that is indicated in the error log.
2. **Obtain an override form** from [HPA II 335](#) or online at [med.ucf.edu/biomed](http://med.ucf.edu/biomed) and be sure to have the following information.
  - a. The exact class number (ex: 52230)
  - b. The subject prefix and catalog number (ex: MCB 3020C)
  - c. The lab class number, prefix, and catalog number (if there is a lab component)
3. You must provide proof that you have passed the prerequisites with a “C” or better or are currently enrolled in them (degree audit, unofficial transcript, course history, class schedule, etc.).

**\*\*Note that there are no overrides into closed courses\*\***
