

Minimum Criteria for Readmission to the Burnett School of Biomedical Sciences

1. 24 credit hours of academic work at another institution,
2. 15 of those hours in the hard sciences required for the degree with A's and B's for final grades,
3. A letter stating the reasons why you were disqualified, and what changes you intend to make if readmitted. We would also like to know why you are seeking readmission into this major and what your plans are after graduation.
4. **Beginning in the Summer, 2020 semester (2020-2021 catalog year), students in the College of Medicine undergraduate majors are subject to the college's Restricted Access and Progress Policies. Please read about these policies on our [website](#). The progress policy is applied to any student applying for readmission, whether in good standing or reapplying after disqualification.**
