

## **Biomedical Research Technician**

A **full** or **part-time** entry technician position is available immediately in the laboratory of Dr. Cristina Fernandez-Valle located at the Lake Nona Health Science Campus in Orlando Florida.

The individual should have a Bachelor's or Master's degree in an appropriate field (biology, chemistry, molecular biology) and 1-3 years experience conducting research using any of the following techniques: cell culture of mammalian cells, immunological techniques, cell imaging and biochemistry/western blots assays, molecular biology/pcr assays. The research involves drug efficacy studies for tumors arising in individuals with Neurofibromatosis type 2 and Schwannomatosis that cause formation of meningiomas, schwannomas and ependymomas in the nervous system.

In addition, the individual should have strong verbal and written command of the English language and knowledge of Microsoft office programs (word, excel, powerpoint).

Position includes a highly competitive salary, health insurance, and opportunities for professional growth.

**Please send letter of interest and curriculum vitae to Dr. Fernandez-Valle at [cfv@ucf.edu](mailto:cfv@ucf.edu).**
