Tips for Publishing in MedEdPORTAL

Monica Bailey & Andrea Berry
Discussion: Experience with MedEdPORTAL

By a show of hands, who has published on MedEdPORTAL before?

- What is your publication?
- How challenging was it to get published?
What MedEdPORTAL is looking for

**MedEdPORTAL** (Peer-reviewed educational materials)
- Lecture(s)/Course(s)
- Learning module(s)
- Learning activities
- Assessment(s)

**iCollaborative** (Non-Peer Reviewed educational materials)
- Observations
- Guide - [example](#)
- Checklist
Kirkpatrick Model

- **ROI**: Did the training investment provide a positive return on investment?
- **Results**: Did the training have a measurable impact on performance?
- **Impact**: Did the learners behavior change as a result of the training?
- **Learning**: Did knowledge transfer occur?
- **Satisfaction**: Did the learners enjoy the training?
Why submit to Meded Portal?

It’s a platform for all the educational materials you have already developed.

It’s a great platform for disseminating your educational materials to other institutions!

Formatting your materials for MedEdPORTAL

1. Make sure your materials meet the scholarly criteria.
   - If not identify what elements you may need to develop or collect for a successful submission

2. Follow the guidelines for the educational summary report (ESR)
   - Follow this link for an ESR template and example:
     https://www.mededportal.org/submit/esr/
Questions?
Drafting a Plan for Submission

➔ Identify your project and check MedEdPORTAL to ensure that it is original
  ◆ If not, see how you could build on similar already published materials to further advance them

➔ Identify potential collaborators/contributors

➔ Evaluate whether or not it currently meets scholarly criteria
  ◆ If not, plan to gather/develop necessary components

➔ Develop educational summary report

➔ Submit to MedEdPORTAL
