

Instructions for installing TurningPoint cloud on you home computer

(These only work after Ed Tech has worked with you to install it on your office computer)

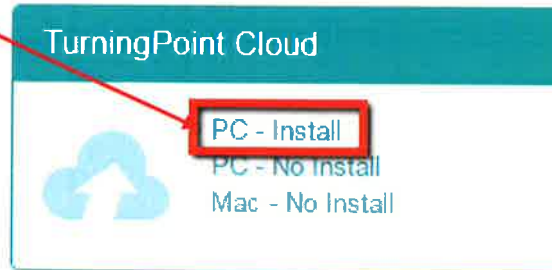

1. Go to <http://turningtechnologies.com>
2. Click on "TurningCloud Login" at top of screen
3. Sign-in using your email address and the password you set-up for TurningPoint

4. Click on "Downloads" in left column

5. Click on "PC Install"

6. You may be asked to enter some information.
7. If you are in Chrome, the install file will show-up as a box in the bottom left corner of your browser.
8. Click on the box and follow instructions (other browsers will place file in the "downloads" folder of computer)
