

# UCF Professional MD/MBA

A full-time, AACSB-accredited Professional MD/MBA designed to accommodate students enrolled at the UCF College of Medicine who wish to pursue an MBA concurrently while pursuing their medical degree.

**Medicine means business.** The UCF MD/MBA offers students who aspire to combine medicine and management skills in order to expand their career possibilities in the healthcare industry including positions in hospital administration, health and public policy, medical research and private practice.

**Relevant** The integration of our renowned faculty’s applicable industry expertise and the consultancy approach instruction of the program provide students with the latest business techniques and effective problem-solving and decision-making skills necessary to succeed in today’s competitive marketplace.

**Collaborative** The UCF Professional MD/MBA is a cohort-based, limited enrollment program providing a culture of networking and teamwork. The cohort format allows for a diverse group of professionals from a variety of academic and industry backgrounds to challenge their intellect, enhance their capabilities and broaden their perspectives while expanding their professional network.

**Convenient** The UCF Professional MD/MBA is taught at the UCF Executive Development Center located in downtown Orlando. This state-of-the-art center offers concierge-style conveniences and a central location — providing students with superior accommodations and service.
