5 articles published

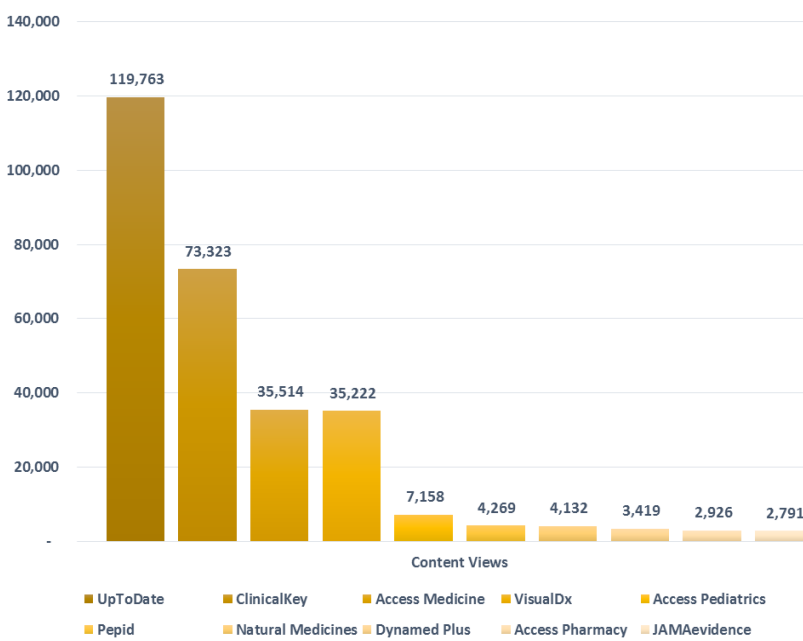

5 posters, presentations and talks shared at statewide, national, and international conferences and meetings

**Top 10 Journals**  
(by number of article downloads)

**Top 10 Online Databases**  
(by total views)

### CONNECTING AT THE COM

This year the Health Sciences Library had the opportunity to not only reach out to the medical students, but to the faculty and staff as well through the addition of two new programs. The **BYOL Lunch and Learn Series** discusses relevant health, technology, and productivity related topics monthly, while the **UCF COM Book Club** encourages avid readers across the college to come together three times a year to share their thoughts on an assigned book. Other opportunities for engagement within the COM included an exciting reception for an exhibit on loan from the National Library of Medicine, and the introduction of more wellness and stress relieving activities within the library.

### LOOKING AHEAD TO 2017

Prepare for LCME site visit

Creatively assess all aspects of library services

Prepare to integrate the Sierra ILS into library workflow

Hire Scholarly Communications Librarian

Collaborate with IT department to launch the Library Help Desk

Seek out and increase fundraising opportunities
