

STUDENT FACILITY INFORMATION AND RESOURCES

PLACES TO STUDY

Study space is available for students throughout the College of Medicine Medical Education building, including the classrooms, library, student lounge and small group meeting rooms. The study areas in the library are available twenty-fours a day, seven days a week.

Guidelines for Small Group Learning Room (SGL) Use:

1. No personal belongings should be left in an SGL overnight (you may use your locker or carry your belongings home with you).
2. SGLs cannot be “reserved” for use by leaving personal belongings in the room while attending class or for extended periods of time (e.g., beyond taking a study or lunch break).
3. If personal belongings are left in an SGL for an extended period or overnight, they should be brought to Student Affairs for safe keeping or (if after hours) carefully moved to the side of the room to allow other students to study in that space.
4. Two SGLs (Rooms 212A and 212B) are designated as “Quiet Study Space.” In these rooms, any student is welcome to enter the room for quiet study as long as there is an open chair/study space.
5. The remaining SGLs may be used for either group or individual study; however, there is no guarantee of “quiet” study in these rooms.
6. Remember that there are many additional options for study in the COM, including:
 - the Library quietroom
 - lecture halls (104 and 116)
 - Lewis Auditorium (102)
 - Harvard Room (101)
 - the “end caps” at the end of the 3rd and 4th floors of the building
 - Team learning lab
 - outdoor tables/Tavistock Green (the tables have nearby electrical outlets for charging computers, as do some of the light fixtures)

STUDENT LOUNGE

The Student Lounge is located on the second floor of the Medical Education building at the Health Sciences Campus at Lake Nona. Students are responsible for maintaining the cleanliness of the Student Lounge.

REFLECTION ROOM/PRAYER SPACE

The Reflection Room located in the Health Sciences Library is established as an inclusive and welcoming space for students and serves those of diverse faiths and non-faiths. The room is intended

for contemplation, meditation, practice, prayer and reflection.

The memorial garden on the east side of the medical education building on the Health Sciences Campus was intended for use by students for private prayer or meditation.

BICYCLES

Bicycle racks have been provided for students in several locations around the UCF Lake Nona Health Sciences Campus. Bikes must be parked in these racks and may not be chained to trees or other structures. Bicycles are not to be brought into any campus building.

LACTATION ROOM

A lactation room is provided for nursing mothers on the fourth floor of the College of Medicine Medical Education building. For access, students should contact the Office of Student Affairs.

NON-RESEARCH ANIMALS ON CAMPUS

(Policy Number 3-400.2) To ensure a safe and healthy environment for the university community it is the policy of the university to maintain animal control. As such, an animal must be under physical restraint and attended at all times to be allowed on campus. An individual who brings an animal onto university property or property controlled by the university is responsible for damage or injury caused by that animal and appropriate disposal of animal waste. If an animal disrupts the campus educational process, administrative process, or other campus functions, the owner or responsible party must remove the animal from campus immediately. With the exception of service animals and those animals excluded by this policy, animals are not allowed in university buildings. The abandonment of animals on any UCF campus is strictly prohibited.

PHOTOCOPY MACHINES

Students have access to copy machines located in the College of Medicine. Costs are included in the fees assessed twice annually.
