

University of Central Florida – HCA Florida Healthcare GME Grievance Policy (IV.D.1.b; IV.E)

Purpose/Intent: The ACGME requires sponsoring institutions to establish unbiased formal grievance and due process procedures. These policies and procedures minimize conflict of interest by adjudicating parties by adopting a multi-tier grievance process and allowing physician learners to appeal their matter to a different body at each level (IV.D.1.b) (IV.E).

Summary: When concerns cannot be worked through the informal mechanisms as set forth in the *Policy regarding Physician learner Forum and Physician learner Complaints, Concerns*, or if there is a formal disciplinary action pursuant to the *Policy regarding Physician learner Performance, Renewal, Promotion, and Discipline*, the physician learner has the opportunity to appeal without fear of prejudice. The procedure below outlines the steps for accommodating physician learners' grievances in a prompt and equitable manner. For purposes of this Policy, matters that may be grieved include extended suspension, dismissal/termination, restriction in privileges, non-renewal, non-promotion, remediation, probation, and final warning. Physician learner complaints related to the work environment and educational program that are not resolved through the Physician learner Advisory Committee or complaints process may be progressed to GME leadership to include but not limited to: ADME, AVP of GME, VP of GME, DIO, and or UCF HR. Verbal counseling, Notice of Concern, Coaching plans, referrals to the Professional Resources Network (PRN) Impaired Physicians program, failure to meet eligibility requirements, and 30-60 day extensions of remediation are not subject to appeal and due process procedures. Discrimination and sexual harassment complaints will be referred to the UCF Office of Institutional Equity (oiie@ucf.edu and <http://eeo.ucf.edu>) and detailed procedures are in the *UCF/HCA Healthcare Policy Regarding Physician learner Forum and Physician learner Complaints, Concerns, Harassment*. The physician learner cannot resign from the program once a grievance process is initiated unless the DIO or designee approves; resignation must occur prior to step 3.
