VOLUNTEERS NEEDED FOR A CLINICAL RESEARCH STUDY

**You are invited to participate in our
research study if:**

- 1** Your age is 60 years or older.
- 2** You have difficulty remembering sometimes.
- 3** You are fluent in English.
- 4** You have been diagnosed with Dementia or Alzheimer's.

**Interested in learning more about
this research study on Alzheimer's?**

This research study is on Microbiome in aging Gut and Brain (MiaGB). Understanding the connection between gastrointestinal health and brain function can better aid in predicting the progression of dementia. If you enroll in this study, you will have to come to the UCF Health Clinic once a year for a study visit.

**Please Contact Dr. Amoy Fraser, Director of
Clinical Research/Principal Investigator, at**
