CONTACT LILLY - [LBAYOUTH@KNIGHTS.UCF.EDU](mailto:LBAYOUTH@KNIGHTS.UCF.EDU) TO VOLUNTEER! The first suture clinic for COM students, hosted by SAIG and led by Dr. Borrero will be in October, date TBD.

At ORMC's Level I trauma center, you'll work directly the the trauma call team and get hands on experience in critical care medicine and surgery. Technicians, nurses, medical students, interns, residents, and attending physicians trained in a variety of fields including general surgery, neurosurgery, orthopedics, emergency medicine, urology, anesthesiology, and more are on call 24 hours a day, 7 days a week. They have extensive experience in training physicians at all stages. SAIG members can join the trauma call team any time, any day, and get hands on experience and training at whatever level they are comfortable with (and legally allowed).
